

The Innovators Presents  
**EUREKA! 2026**

- Team Name:
- Domain:
- College/University:
- Contact Email:

VISION | VALUE | VENTURE

- What real-world problem are you solving?
- Who is affected by this problem?
- Why is this problem important today?
- Current limitations in existing solutions?

**E Cell**  
The Innovators.Jua

VISION | VALUE | VENTURE

Which problem? For whom? In what context?

- Your idea or approach
- How does it solve the identified problem?
- Key features of your solution
- What makes your approach different from existing methods?

This is where innovation lives or dies.

- Tech Stack you plan to use (Languages, Frameworks, APIs, Hardware if any)
- System Architecture / Workflow (basic diagram recommended)
- Implementation strategy during 24 hours

Do you actually know how to build this?

- Target users
- Expected benefits
- Real-world use cases
- Potential impact (Social / Industrial / Economic)

**E Cell**  
The Innovators.Jua  
VISION | VALUE | VENTURE

Impact matters

- What can you realistically build in 24 hours?
- Future scalability possibilities
- Any potential challenges or risks
- Long-term vision (if developed further)
- Competitor Analysis
- Unique Selling Proposition (revenue model, can elaborate this point on a separate slide )

Dreamers vs Builders

# Submission Guidelines & Instructions

Maximum 9 Content Slides

- Submit in PDF Format
- Mention Team Name on Slide 1
- Include basic workflow / architecture diagram
- Submit before the deadline
- Don't Violate the given template theme

Evaluation Based On:

- Problem Relevance
- Innovation & Originality
- Technical Feasibility
- Impact
- Future Scope

Best Wishes to all participating teams!

We look forward to your innovative solutions for EUREKA! 2026
